Lubrication Solutions

PROVEN QUALITY. LEADING TECHNOLOGY.

INTUITIVE EQUIPMENT SOLUTIONS FOR MODERN VEHICLE SERVICE OPERATION

MAXIMIZE PROFITS AND IMPROVE EFFICIENCY

For auto dealerships and vehicle service garages, bulk fluid management is critical for realizing maximum profitability. Graco's automotive shop equipment helps you develop a seamlessly connected shop to gain insight, control and reporting on your fluids, and allows you to make smarter decisions to drive increased operational efficiencies.

ACHIEVE GREATER ACCOUNTABILITY AND INVENTORY CONTROL

You need to see where every drop of fluid goes to more accurately bill customers, hold technicians accountable and improve reordering. Graco's bulk oil, coolant, water, and windshield wash systems give you visibility into your fluid usage and tank levels in an intuitive online data management system.

LEVERAGE A POWER BRAND IN VEHICLE SERVICE EQUIPMENT

Graco's legacy is built on developing new technology to drive increased profitability for our customers. We pride ourselves in delivering premium products paired with the best customer service in the industry. And we back our products with best-in-class warranties to give you peace of mind and ensure long-term investment protection.

NOT ALL FLUID MANAGEMENT SYSTEMS ARE BUILT THE SAME

Service professionals trust Graco solutions to elevate everyday performance.

- **Transparency.** Monitor every drop, every time – automatically.
- **Accountability.** Track issues to the source.
- **Integration.** Capture data, integrate with popular DMSs and share data with key stakeholders quickly.
- **Inventory management.** Monitor fluid inventory and schedule refills to minimize delays and excessive costs.

AT WORK WITH GRACO

DISPENSE METERS

- Ability to handle petroleum and synthetic oils, DEF and antifreeze
- Meters designed for any application – indoors and outdoors
- Preset and non-preset options

REELS

- Solutions to handle any industrial need – including electric, light, fluid and air.
- Hose and cord lengths up to 150 feet ensures accessibility where needed
- Manufactured with heavy-duty steel for durability and longevity

BULK FLUID PUMPS

- Fewer moving parts means less downtime and low repair costs
- Multiple pumps to meet your needs for low, medium or high volume applications
- Industry-leading performance, reliability and durability

FLUID MANAGEMENT SYSTEMS

- Track fluid usage easily through integrated LAN
- Track dispenses by quantity, technician, fluid type and more
- Control dispense type and amount to ensure only the right fluid and quantity gets dispensed

PORTABLE FLUID DRAINS

- Designed for oil and coolant
- Options include poly, steel, big hauler and track receiver options
- 24 and 26 gallon drain options

ROLL AROUND DRUMS

- Dispense fluids anywhere in your facility
- Electric and pneumatic pumps available to meet your specific requirements
- Pre-made kits designed for easy ordering

INCREASING OIL PRICES REQUIRE SHOP ADAPTATION TO ENSURE MAXIMUM PROFITS.

Improve monitoring and deliver exact control of bulk/drum fluids with an intelligent fluid management system. Integrating with your current DMS provides crucial data at a glance, all within the system your team is already familiar with.

Lubrication Solutions

PROVEN QUALITY. LEADING TECHNOLOGY.

SOLUTIONS FOR ALWAYS-ON PRODUCTIVITY, PROFITABILITY AND SAFETY

MINIMIZE DOWNTIME AND REALIZE INCREASED PROFITABILITY

Production line breakdowns due to poor or mishandled industrial equipment maintenance mean downtime and lost revenue. Graco helps you minimize industrial machine repair and maintenance to increase your uptime, productivity and profitability.

MITIGATE SAFETY RISKS AND REDUCE MANUAL MAINTENANCE

Safety is a driving force in high-risk industrial operations. Our industrial maintenance solutions help you create a safer work environment while driving efficiency throughout your factory.

GAIN CONFIDENCE WORKING WITH A RELIABLE, CUSTOMER-FIRST SUPPLIER

Labor shortages, supply chain issues and poor customer service create added headaches for industrial operations. Our A+ customer service and consultative approach simplify everyday tasks and offer peace of mind so you can focus on the work.

NOT ALL AUTOMATIC LUBRICATION SYSTEMS ARE BUILT THE SAME

Industrial professionals trust Graco solutions to elevate everyday performance.

- **2, 4, 8, 12 or 16 liter reservoirs**
- **Transparent Reservoir Housing**
- **Digital Controller**
- **PLC Port Connectivity**
- **Auto-fill Shut Off**
- **Operation Indicator Light**

OVER HALF OF INDUSTRIAL EQUIPMENT FAILURES ARE DUE TO IMPROPER MACHINE LUBRICATION.

Have confidence in your lubrication program with Graco automatic lubrication solutions. With the right solution and support team at your side, automatic lubrication can help you reap the benefits of reduced downtime, increased productivity and minimized maintenance expenses, ultimately driving a greater ROI for your business.

REELS

- Solutions to handle any industrial need – including electric, light, fluid and air.
- Hose and cord lengths up to 150 feet ensures accessibility where needed
- Manufactured with heavy-duty steel for durability and longevity

EVACUATION PUMPS

- Drain, evacuate and transfer fluids efficiently and quickly
- Systems designed to handle petroleum and synthetic based oils, water, antifreeze and fuel
- No interior seals – ideal for evacuation applications containing particulates

BULK FLUID PUMPS

- Fewer moving parts means less downtime and low repair costs
- Multiple pumps to meet your needs for low, medium or high volume applications
- Industry-leading performance, reliability and durability

ROLL AROUND DRUMS

- Dispense fluids anywhere in your facility
- Electric and pneumatic pumps available to meet your specific requirements
- Pre-made kits designed for easy ordering

AUTOMATIC LUBRICATION

- Industry-leading solutions for lubricating industrial machines
- Lubricate any type of machine, from CNC machines to conveyors
- Reduces PM maintenance and labor requirements, minimizes machine downtime for service

GRACO.COM/INDUSTRIAL

ALWAYS INNOVATING. ALWAYS RESPONSIVE.

For nearly a century, Graco has designed, delivered and supported solutions that you use every day. We help simplify everyday tasks and improve productivity for forward-thinking workers and businesses around the world.

Whether you're servicing vehicles, operating heavy equipment, performing maintenance repairs, working on an oil rig or running manufacturing lines, we're your one trusted source for proven lubrication equipment and bulk fluid management solutions designed to maximize your profitability. Because we understand just one hour of downtime can equal tens of thousands in lost revenue.

INNOVATIVE

We listen to our customers and adapt to their needs. Our investment in R&D is unparalleled, empowering Graco to create more reliable, connected, and easier-to-use automatic lubrication equipment, bulk fluid management and fluid transfer systems.

QUALITY

From our best-in-class manufacturing processes, rigorous product testing and industry's best warranty, you always know that Graco solutions are going to get the job done – and stand the test of time. That's why you can find Graco products over 50 years old still in operation.

CONSULTATIVE

Being a consultative partner takes work – and we're always up for it. Graco and our distributors want to work with you to identify, design and install the best solutions for your needs to ensure you receive the maximum ROI on your investments.

RESPONSIVE

When you need an answer, we're just a phone call away. Our support team is committed to providing you with a superior customer service experience and a reliable and fast response. Because we know downtime means lost revenue.

Every Graco purchase comes with A+ Customer Service.
